PROFESSIONAL SUMMARY

Software Developer specializing in robust backend architectures, ERP engineering (Frappe, Odoo), and Agentic AI workflows. Combines an accounting background with production experience in Python, FastAPI, and LangGraph to build high-performance APIs, custom business modules, and autonomous, LLM-driven agents. Focused on clean system design, data integrity, and end-to-end automation.

TECHNICAL SKILLS

Languages	Python, JavaScript, HTML, CSS
AI & Agentic Systems	LangGraph, LangChain, Tool Calling, Multi-Agent Architecture, RAG
ERP Frameworks	Frappe Framework, ERPNext, Odoo Development
Backend & API	FastAPI, Django, Django REST Framework (DRF), RESTful APIs, Webhooks
Databases	PostgreSQL, MySQL, MariaDB, Redis (caching)
Desktop Development	PyQt5
DevOps & Tools	Docker, Git, GitHub
Accounting Domain	Professional Financial Accounting (PFA)
AI & Media	Prompt Engineering, Technical Content Creation
Spoken Languages	Arabic (native), English (very good), French (beginner)

PROFESSIONAL EXPERIENCE

Software Developer

Showsatellite (Home Appliances Retail) – Remote (Bahrain)

Mar 2026 – Present

- Develop customer-facing web platforms, full-scale e-commerce systems, and internal enterprise business solutions.
- Lead custom **Frappe** / **ERPNext** engineering: DocTypes, custom server scripts, and end-to-end workflow automation.
- Engineer a secure, high-throughput product and stock sync engine between **ERPNext** and **OpenCart**.
- Built an operations logistics dashboard managing TV/AC delivery scheduling, real-time driver dispatch, and ticketing.

FEATURED PROJECTS

- Razyyn AI — Autonomous AI Accountant (Founder & Architect):** Multi-agent SaaS (FastAPI, LangGraph) for ERPNext & Odoo to analyse financial data, audit, reconcile, and post entries.
- Integrated E-Commerce & Enterprise Operations Platform:** Full-scale retail e-commerce platform integrated with ERPNext for automated sales, logistics, and driver scheduling.
- Razyyn AI — Native Frappe Applications (v14 & v15):** Custom Frappe apps providing ERPNext chat UI, multi-agent modes (Ask, Analyse, Audit), attachment processing, and granular write policy controls.
- Office Leaks — Professional Social Network:** Corporate transparency social platform with company ratings, reviews, nested discussions, and secure DRF REST APIs.
- Odoo Sales Commission Module:** Custom Odoo 17 module automating sales team commission tracking, computation, and audit directly from invoice records.
- Telegram Notification Frappe App:** Dynamic event notification app triggering real-time interactive Telegram alerts with action buttons for Frappe DocTypes.
